Cobalt Drill Bits Featuring Tri-Tip

Tri-Tip

Offers self-centering with a 135° split point and 4 cutting edges for faster, smoother drilling.

M35 HS Steel

High speed steel with 5% cobalt, small carbides for wear resistance, 4,700 MPa strength. 50% tougher than titanium-coated bits.

3 Ground Flat

Made by machining three flats on round stock, fits 3-jaw chucks, enhances Torx, reduces slipping.

Customized items create exceptionally long-lasting advertising opportunities at a low cost. Let Dynaline help your business achieve the exposure you want.

BOSS Product part numbers that are available for customization are marked with this icon:

ADD YOUR OWN LOGO

CUSTOMER GUIDELINES:

Provide us with your logo in AI, EPS, PDF or TIFF (300 dpi) including any brand guidelines with Pantone colours if applicable. Custom printing can work with multiple colours; however, gradients (specifically darker gradients) are not guaranteed to appear accurate in the final product. Solid colours are preferred.

A signed approval form (provided by Dynaline's Customer Service Team) is required before the order will be moved into production. A handling fee of $0.05/unit will be charged for double-sided printing.

Contact our Customer Service for pricing and availability today.
